

Adlah Chisti

Meet the Candidates, Week 8: What potential do you see in District 11?

I love Beep's burger. I was at Sunnyside Elementary, Aptos Middle school and then Lick-Wilmerding H.S. and we used to go there after school.

A drive-in movie theater space.

A **bike path** that connects Holloway Avenue through CCSF and one down through Geneva. Alternative and frequent modes of **transportation** for our seniors.

A **plaza** at Persia Triangle.

A **beautiful D11 night** with colorful lights and with food trucks and carnival style rides on Granada Avenue between Ocean and Holloway for children and families.

Shared schoolyard spaces for weekend farmer's market in the OMI and Excelsior.

Retail and property crime would be low because of fresh produce grocery stores, eateries, salons and barber shops at the empty **storefronts** and we'd have **affordable housing** for all.
