

## **Connie Chan**

Meet the candidates, week 12: “How will you reach Asian communities in D1?”

When I first took office in 2021, I became the second bilingual and biliterate Chinese-speaking supervisor since Mabel Teng three decades ago. I have been able to talk directly with many of District 1 Chinese-speaking residents and merchants about their issues and address their concerns. I have worked to support the community through different cultural events and celebrations, resources for safer streets and assistance to small businesses.

As the only Asian American member on the Board, I know the Asian American community is not a monolith. So it is critical we are able to communicate with them directly to make sure their diverse needs are met. I will continue to work to make sure our city services are inclusive with cultural and language competency.
