Meet the Candidates, week 24: Do you support building a park in Lower Nob Hill? Why or why not? **As a supervisor, how would you create a park space in the Lower Nob Hill area?**

I fully support building a central public space/park in Lower Nob Hill. As supervisor, I would engage the community through public meetings and surveys. As an urban designer, I can already identify and envision various exciting options. As an entrepreneur and financier, I know how to cobble together funding from various sources. Plus, learning from my neighbors, expert area residents, I would ensure the space is **planted fully with native species, especially those that can feed animals or people**. Together we can create a vibrant, sustainable park that enhances the quality of life and encapsulates the identity of Lower Nob Hill.
