Meet the Candidates, week 22: Given the context of Lower Nob Hill residents feeling like they get short shrift, **what would you do to integrate Lower Nob Hill better into District 3?**

No time for platitudes!

1. We need to integrate police training with the infrastructure I am building in D3.
2. We need to build safe spaces that include restrooms for the trans sex workers (who were ignored during the pandemic as they were forced to work).
3. Convert all shelters into Intermediate Care Facilities (operated by SF with MDs and licensed nurses (RNs and Psych Techs)).
4. Give actual money/capitol (\$800K+) to 300 small businesses a year with no interest using existing laws and admin processes. Not a grant or a loan.
5. Vote for me to find out the rest as I attempt to make San Francisco a 100% transparent government that serves ALL her residents.
