

## Jeremiah Boehner

Meet the candidates, week 25: “During Outside Lands in Golden Gate Park, this year and in the future, how will you make sure the festival has a minimum negative impact on neighbors in the Richmond?”

Most of the legitimate complaints about the festival tend to fall into a few different areas:

- Parking
- Road and park access
- The post-concert chaos

For parking, **I would make sure that neighbors whose parking is temporarily removed are given priority to park** at some of the school lots and other privately owned parking lots.

Road and park access. **The park should remain open to the public up until a few days before the concert happens.** We should also keep the great highway open during the concert to facilitate movement across the city. Also work with SFMTA to make sure we have adequate free buses to take people from the festival to different parts of town quickly. We also need to work with rideshare companies to ensure rideshare is easy to access without causing chaos in the residential areas.

Lastly we need to have **enough officers to cite people who are doing things like vomiting or pissing** in neighborhood driveways and streets.

Outside Lands is an economic boom for businesses in the area. We need supervisors who will help local businesses capture this value.
