

Week 30: Name one specific issue affecting residents in the OMI.
How would you address it as their supervisor?

Adlah Chisti

One key issue in the OMI are **community resources**. These are often not available within walking distances for our youth and seniors. As Supervisor, I would prioritize pedestrian and child safety by installing more lighting, speed bumps, stop signs and traffic calming measures on Grafton and for areas near parks and schools. I would advocate for an affordable grocery store near Broad and Randolph and push for our new Oceanview library, which hasn't been renovated in nearly 30 years. Additionally, I would work to establish the district's first affordable farmers market in the OMI partnering with Sisterhood gardens, along with a first ever Art and Night markets to bring more vibrancy to the community.
