

Calle 24 Latino Cultural District is extremely happy and honored to have co-moderated tonight's D9 debate. We are saddened, however, to have been misrepresented by Trevor Chandler, candidate for D9 supervisor. Mr. Chandler has never communicated with the Executive Director of Calle 24 prior to tonight's debate. The extent of his conversation tonight was a quick greeting. Mr. Chandler has never contacted anyone from our organization regarding the serious accusations brought forth against one of our former council members. Mr. Chandler stopped communications with our council president prior to any accusations, after being informed by conservative, affluent Mission district neighbors that collaborating with Calle 24 would result in their groups withdrawing their support. We want to make this clear: Calle 24 has an open door policy for any community member to ask questions, share suggestions and criticism. We invite anyone to join us as we navigate any difficult situations that require collective work and the love and commitment that we have for our community.
