San Francisco, CA 94158

Re: Registered owner of blue Honda Civic, license plate CA XXX911

This notice is being sent to you because on October 1, 2024, at approximately 11:11 p.m., your vehicle was observed in an area that has been identified by the San Francisco Police Department as having high rates of prostitution. Prostitution is often associated with violent crime and drug activity, and residents have reported that this greatly affects their quality of life. SFPD is taking a firm stance against perpetrators of these crimes.

We would like to remind you it is illegal to engage in or solicit prostitution. California Penal Code section 647(b), solicitation of prostitution, is a misdemeanor punishable by jail time and fines. With the help of the community, we are focused on curbing illegal activity through increased patrol efforts and targeted enforcement operations with the use of video surveillance.

Prostitution is not a victimless crime. It often involves the coercion and objectification of victims, and it is associated with the exploitation of children, human trafficking, kidnapping, and violent assaults.

We need your help and cooperation in keeping this city safe. You are encouraged to exercise caution when visiting the area and please report any suspicious activity by calling 911. If you are no longer the registered owner of the above-mentioned vehicle, please contact the Department of Motor Vehicles to have your name removed from the vehicle's registration. If this notice was sent in error, please disregard it.

If you have any questions or would like more information about SFPD's enforcement efforts, please feel free to call the Human Trafficking Unit at 415-553-9132.

Sincerely,

William Scott
