

*Statement from Lenny Young of EDW Action Fund on June 1, 2026:*

"Pro-Choice Majority Action is an affiliate of EDW Action Fund, a pro-woman, pro-choice PAC established in 2018. We support Democratic women who we believe will make the best members of Congress. A candidate's stance on Israel is not a criterion for garnering our support. As this article points out, we have supported candidates who are Pro-Israel, and those who are not. We are supporting Connie Chan because we believe she would make a strong, fierce representative for her constituents and would be worthy of filling the very big stilettos of the iconic Speaker Emerita Nancy Pelosi she would be replacing."
